

# OVERVIEW OF TRANSMISSION SPLICING AND MAINTENANCE OF THE UNDERGROUND TRANSMISSION SYSTEM

January 27-28, 2021  
Online | Central Time

## INSTRUCTORS

- **Laken Morris**, Service Manager, Prysmian Cables and Systems USA, LLC
- **Gary Neumann**, Senior Research Engineer, Underground Systems, Inc.
- **Jaime Garcia**, Engineering Manager, Prysmian Cables and Systems USA, LLC
- **Frank L. Kuchta**, Director HV Cable Design Engineering & Product Development, Prysmian Cables and Systems USA, LLC
- **Sander Lauwers**, Business Manager, Prysmian Cables and Systems USA, LLC
- **Mark Fenger**, Director of Asset Management, Prysmian Cables and Systems USA, LLC

FOLLOW US @EUCIEvents

Underground transmission is a costly and complicated project type. One of the most complicated components of an underground transmission line are the splices connecting two cables together. If you are interested in learning more about how these splices are accomplished and the maintenance required, this course will provide you with a high-level overview of transmission splicing and the processes involved. In addition, a review of required maintenance of lines and splices will be reviewed.

This is the ideal course for engineers of underground transmission projects, project managers or anyone involved with underground transmission and desiring a more detailed understanding of splicing.

## LEARNING OUTCOMES

- Review the different types of underground transmission cables covering High Pressure Fluid Filled (HPFF) and Extruded Cable (XLPE, EPR, and PE)
- Detail the system components of each type of cable by covering system design, cables, structures, supports and accessories
- Describe HPFF cable preparation and installation: pipe preparations, cable pulling operation, splicing, terminations, and pumping plants
- Review solid dielectric preparation and splicing with cable pulling and installation, splice preparations and splicing, and terminations
- Explain preventative maintenance procedures and testing covering inspections, testing methods and planning

# REGISTRATION INFORMATION

## Mail Directly To:

EUCI  
6400 S Fiddlers Green Cir., Suite 1620  
Greenwood Village, CO 80111  
OR, scan and email to: [conferences@euci.com](mailto:conferences@euci.com)

# ONLINE DELIVERY & PARTICIPATION DETAILS

EUCI will use Microsoft Teams to facilitate participation in the upcoming event. Attendees do not need to have an existing Teams account to participate in the broadcast. The course will play in attendee's browser. When attendees sign on, their microphones are typically muted. Attendees should keep their mic muted until such time as it's needed to ask a question. During the event, participants will have the option of using a microphone to speak with the room and ask questions, or type in any questions via the chat window and our online administrator will relay your question to the instructor.

- Each attendee will receive an event invitation by e-mail, which will include one link to sign on for each half-day of the event (i.e., three links for a 1 ½ day event). The appropriate link must be used to join each half-day event segment at the appropriate time.
- The remote meeting connection will open approximately 30 minutes before the start of the course. We encourage attendees to connect as early as possible in case of unforeseen problems.

## PLEASE SELECT

**OVERVIEW OF TRANSMISSION SPLICING AND MAINTENANCE OF THE UNDERGROUND TRANSMISSION SYSTEM ONLINE COURSE**

JANUARY 27-28, 2021: US \$1,295 (Single Connection)

**PACK OF 5 CONNECTIONS:** US \$5,180 (20% Discount)

**PACK OF 10 CONNECTIONS:** US \$9,065 (30% Discount)

**PACK OF 20 CONNECTIONS:** US \$15,540 (40% Discount)

**Please call us at 303-770-8800 if you have any specific questions on the volume discounts.**

*\* all other discounts do not apply to license packs*

### Substitutions & Cancellations

Your registration may be transferred to a member of your organization up to 24 hours in advance of the event. Cancellations must be received on or before December 18, 2020 in order to be refunded and will be subject to a US \$195.00 processing fee per registrant. No refunds will be made after this date. Cancellations received after this date will create a credit of the tuition (less processing fee) good toward any other EUCI event. This credit will be good for six months from the cancellation date. In the event of non-attendance, all registration fees will be forfeited. In case of course cancellation, EUCI's liability is limited to refund of the event registration fee only. For more information regarding administrative policies, such as complaints and refunds, please contact our offices at 303-770-8800.

EUCI reserves the right to alter this program without prior notice.
