“

“This course offered me an in-depth view into the structure, functions and future trends of the PJM market. For a topic that could easily take weeks to discuss, the instructors did a great job of condensing information but also elaborating on any complexities pertaining to PJM.”

This course will explain the fundamentals of PJM — market mechanics, operations and price formation dynamics. It will examine how key trends like renewables and shale gas penetration have shifted economic paradigms. And it will consider the impacts of emerging trends like intelligent grids and energy storage on PJM market performance.

LEARNING OUTCOMES

- Explain the mechanics of PJM system dispatch, RTO operation, and price formation
- Compare market fundamentals in PJM to other U.S. RTOs
- Explore and anticipate the impacts of emerging trends like intelligent grids and energy storage on PJM market performance
- Apply information learned into actionable intelligence that will support effective decision-making that yields competitive advantage

EUCI is authorized by IACET to offer 0.7 CEUs for the course. Participants must log on each day and be in attendance for the entirety of the course to be eligible for continuing education credit.

ONLINE DELIVERY & PARTICIPATION DETAILS

EUCI will use Microsoft Teams to facilitate participation in the upcoming event. Attendees do not need to have an existing Teams account to participate in the broadcast. The course will play in attendee's browser. When attendees sign on, their microphones are typically muted. Attendees should keep their mic muted until such time as it's needed to ask a question. During the event, participants will have the option of using a microphone to speak with the room and ask questions, or type in any questions via the chat window and our online administrator will relay your question to the instructor.

- Each attendee will receive an event invitation by e-mail, which will include one link to sign on for each half-day of the event (i.e., three links for a 1 1/2 day event). The appropriate link must be used to join each half-day event segment at the appropriate time.
- The remote meeting connection will open approximately 30 minutes before the start of the course. We encourage attendees to connect as early as possible in case of unforeseen problems.
